Impact Report

2019

Rosaline encountered the love of Jesus and received life-changing surgery at our hospital in Kenya.

Our Mission:

Heal the sick and proclaim the kingdom of God

Jesus sought out the broken and marginalised, and He healed them. He told us to do the same thing. By providing life-changing medical and spiritual care, we share God's love with patients, their families, and the communities we serve.

With your support, CURE has ministered to the needs of patients and families this year through more than 77,100 patient visits and 11,200 procedures at our charitable hospitals around the world. Each of these activities has given CURE's staff the opportunity to share the Gospel with more than 83,600 people and witness more than 11,100 expressions of faith in Jesus Christ.

MOBILE CLINICS help us identify new patients and follow up with existing patients. They are held periodically at partner facilities.

CURE Ethiopia Children's Hospital
Addis Ababa, Ethiopia

FY19 Clinics

CURE Ethiopia

FY19

ACCOMPLISHMENTS

A new building, featuring:

- extended-stay rehabilitation ward
- rehabilitation facility
- training center

10th anniversary celebration

2,305 people reached & 161 faith expressions

9,506 patient visits & 2,904 procedures
